Set in an exclusive Florida Gardens enclave, this near new family home provides a unique take on indoor-outdoor living. Massive walls of glass and extruded brickwork seamlessly connect the home - made up of a series of patio-like pavilions - with its environment.

Understated, yet sophisticated, the white colour palette and polished concrete and spotted gum timber flooring create subtle living and sleeping spaces, while walls of glass frame the landscaped gardens and saltwater pool.

This multi award-winning, architect-designed home offers Queensland living at its finest, in a sought-after Broadbeach Waters location moments from the beach, tram and shops
